Support the preservation and restoration of Atlanta's first cemetery.

Established in 1850, Oakland is much more than an outstanding example of a Victorian rural garden cemetery; it is also a magnificent sculpture garden, flourishing wildlife habitat, public park and picturesque setting for recreation and quiet reflection. Donors at the \$40 level and higher receive free admission to guided walking tours, our quarterly newsletter and discounts on museum shop purchases, venue rental and certain special events.

Your contributions help to ensure that future generations will have access to this unique cultural treasure. Thank you.

Contributions are tax-deductible as allowable by law.

Donors at the \$40 level and higher will be recognized in the Annual Report and receive benefits listed above.

Please check here if you wish to be listed anonymously in publications.
